Lomita Girls Plan Outing To Catalina

Sixteen Girl Scouts from Troop 2126 of Lomita will leave Saturday from Long Beach on the Magic Isle for a three-day tour of Catalina Island. They will be staying at

the Gladden Bungalows. All the girls have worked hard to earn enough money for this trip. They held a rummage sale last March and saved newspapers for more than a year.

The girls are Christine Barrett, Nancy Bectold, Janet Garrard, Cindy Jarrett, Teresa Gilmore, Joanne MacHale, Patsy Nielsen, Karla Snyder, Mary Kay Spier, Elyse Starr, Raelyne Radcliffe, Kathy Reeder, Shelly Themm, Diane Trujillo, Gail Third, and Christina Willis. They are under the leadership of Mrs. Florence Barrett and Mrs. Lodene Gilmore who have worked with this troop the last two years.

The Old Timer

"Some people are like wheelbarrows—they stand still unless they are pushed."

STUDENTS HONORED . . . Pamela Jane Schummer, graduating senior of North High, and William R. Latham, graduating from South High, show scholarship certificates presented to them by Fred Fowler, chairman of the National Supply Management Club's scholarship committee. Fowler is holding checks for \$150 which were presented to each student.

Management Club Presents Scholarships to Winners

Receiving scholarships from the National Supply Management Club in the amount of \$150 each were Miss Pamela Jane Schummer, of North High, and William R. Latham, of South High. Miss Schummer is the daughter of Mr. and Mrs. L. Artiano, of 2325 W. 180th Place. William is the son of Lt. Col. and Mrs. William R. Latham, of 428 Calle de Castellana.

The scholarships were awarded for the best essays on the subject, "How Americans Can Improve the American Image Abroad." The contest was open to senior students of the four Torrance high schools.

Framed award certificates and checks were presented the awardees when they and their parents were guests of honor

at the Club's annual "Ladies' Night" dinner dance. The awards were presented by Scholarship Chairman Fred Fowler in the presence of more than 150 club members and their wives.

Raising money for the scholarships is a yearly project of the National Supply Management Club, which is comprised of supervisory personnel of the Torrance plant of the National Supply Division, Armco Steel Corp. Scholarships have been awarded annually since the club's inception of the program in 1948.

New Bank Planned

Plans for the construction of a new modern home for Bank of America's Lomita branch were announced this week by Gustav Tams, vice president in charge of branch operations for the bank's Southern California division.

The 60 by 75-foot building will be built in a shopping center at the northeast corner of Pacific Coast Highway and Crenshaw Boulevard, replacing the present branch quarters at 2201 Pacific Coast Hwy.

Expansion of the branch's facilities has been necessitated by the unprecedented growth of business in the area in the recent past. Numerous commercial buildings of almost all kinds have risen there, and many more are now under construction or in the planning stages, Tams said.

Although no target date has been set for the building's completion, the branch will be open for business at the new site at the earliest possible time, Tams added.
